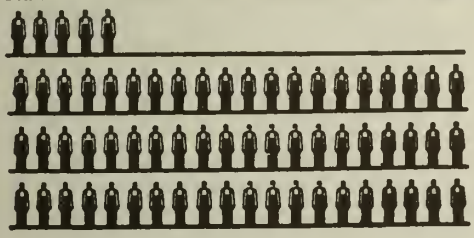
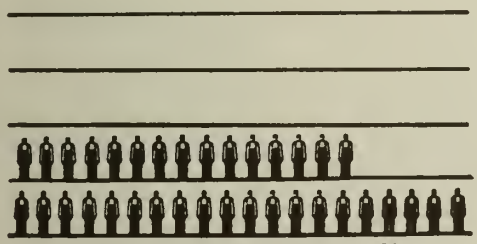
HOW MANY CHANGES IN A YEAR?



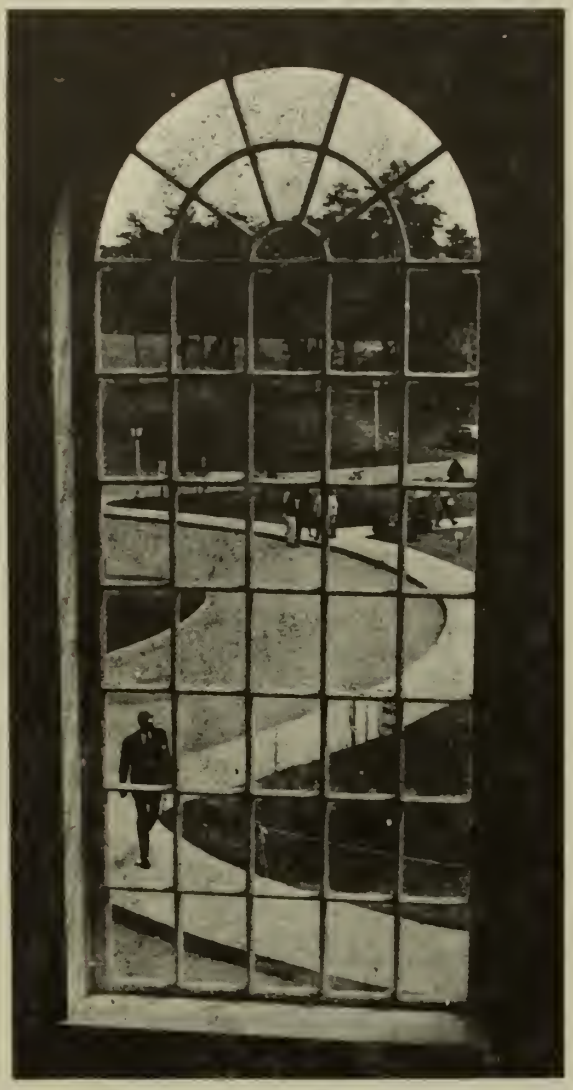
Out of every **100** People as listed in the last Directory



16% to **18%** Move away or die

17% to **19%** "New" people move into town or reach listing age.

(All that's left that's good)



26% to **29%** More change their addresses or their jobs or some other vital fact that affects their listing.

Making a total of **59%** to **66%** of the People listed who have new information in some particular which can be surely found only in the **NEW DIRECTORY**

Note: These figures are from repeated checks in numerous cities and do not vary 5% in any one year.

THAT IS WHY NEW DIRECTORIES MUST BE PUBLISHED EVERY YEAR.
